Equipment: Pizza pan, bowl, cutting board, good knife **Preheat Oven:** According to cookie directions.

Prep Time: 10 minutes

Cook Time: 10-12 minutes

Number of Servings: 6-8, depending on ages

- 3 cups prepared sugar cookie dough

Press dough in 12 to 14 inch diameter pizza pan.
Cook for 10-12 minutes or until dough looks just done, as it would for cookies. Remove and let cool 10-20 minutes.

- 8 ounces cream cheese, organic

- 2 cups whipped cream cheese

- 1 package Fruit Dip Mix, *Simply Organic*

Prepare topping by blending cream cheese, whipped cream and Fruit Dip Mix together. Spread evenly on baked cookie pizza dough.

- 2 kiwi, sliced

- 2 bananas, sliced

- 8 ounces stawberries, sliced

- 8 ounces blueberries

- 8 ounces pineapple, sliced

Take sliced fruit and decoratively layer in a circular pattern on pizza.. Chill until ready to serve, at least one hour.

OPTIONS: Make cookies as you normally would and create mini pizzas for a fun kid's treat. Try gingerbread, carrot cake or banana bread instead of cookie base. You can replace cream cheese with organic yogurt.

This is one fun recipe! And what a hit it is with kids and adults. When you place it in front of anyone, their eyes pop with anticipation. Let your kids decorate the top with the fruit of their choice. The possibilities are endless.
