

# Watermelon Man

**Tool:** Medium-size carving knife

**1 Round watermelon.** Make sure it can stand on one end.

Carve out the eyes, nose and mouth. The rind is relatively soft so it is easier than carving a pumpkin

**2 red grapes**

Place in eye sockets

**1 piece pineapple, triangle shape**

Place in nose socket.

**1 orange bell pepper, or color of choice**

Cut in to quarters. Clean out pulp. Chose two and place one on each side of melon for ears. Attach with toothpick.

**1 hat.** Choose a fitting size.

Place on top.

**Have fun with it. Take photos. Then cut and eat it when ready!**

**OPTIONS:** Use any fruits and vegetables you like. Have fun being creative – ie use a carrot for the nose!

**GIRLS:** Use a ladies hat and call her “Jackie Melon”

**3 Natural Food Colors:** red, yellow, orange

**2 Food Groups:** vegetables, fruit
